**This is our second draft version of the Maryland Fed/State 1040 MeF e-File schema and business rules for tax year 2009. The only updates made to previous schema version – changed eFile Type for elements 40120, 40190, 40260, and 40330.**

Although we will open for testing and production with tax year 2010, this schema is based on tax year 2009 in order to give you an early opportunity to begin reviewing the schema.

We will update this schema to tax year 2010 and issue that draft tentatively in October.

We will open for testing in November 2010 in conjunction with IRS for Maryland Fed/State 1040 MeF for tax year 2010, and open for production processing in January 2011 in conjunction with IRS for Maryland MeF Fed/State 1040 for tax year 2010.
